Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The prior art made of record does not teach or fairly suggest the combination of elements as below:

non-rotationally symmetric cooling of the optical element, the cooling being effected by passive heat-conducting devices comprise webs of different cross section, or fingers of different width, shape or thickness, or of different material, such that an at least partial homogenization of the temperature distribution in the optical element is effected

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
